

TUFFAK MARINE – REDEFINING THE VIEW

TUFFAK polycarbonate sheets provide a glass-like, wrinkle-free appearance for clear, unobstructed views. These low distortion and high clarity sheets can be sewn into enclosures to provide a clean, crisp appearance that is durable and impact resistant. TUFFAK is ideal for any climate as it remains stable and retains its shape during temperature fluctuations. The products withstand the harshest environment, providing unparalleled sightlines and a stunning look for years.

TUFFAK Marine 5

- » Designed for the most demanding applications
- » Provides highest weathering performance
- » High optics, long-term clarity and low optical distortion
- » Two-sided hard coat protection against abrasion, harsh UV and chemical attack
- » Available in 0.060" and 0.080" thicknesses
- » Flat and curved applications*

TUFFAK AR

- » Provides high optics, long-term clarity and low optical distortion
- » Two-sided hard coat protection against vabration, UV and chemical attack
- » Available in 0.060" and recommended for flat applications only

TUFFAK VR

- » High optical clarity alternative to vinyl
- » Two-sided enhanced weatherability, resistant to yellowing
- » Improved sew-ability & cut-ability over heavier gauge options
- » Can be rolled, ideal where space is limited
- » Available in 0.040" for flat and curved applications*
